

What is happening?

To ensure the ongoing reliability of the water supply network, Water Corporation is required to replace a valve and small section of pipework in the verge along Grand Promenade in Bedford, as shown in the blue square on the map below.

When is this happening?

Work is taking place from **3 to 23 July, 2021**. Hours of work will generally be 7am to 6pm Monday to Friday, with some weekend work required.

Night works should not be required however in the event they are, we will notify you prior.

How will this impact me?

To ensure the safety of staff and road users, traffic management will be in place from 3 to 23 July 2021. The following lanes along Grand Promenade will be impacted:

- Monday to Friday, **5pm to 9am**, and weekends: **one lane** southbound on Grand Promenade will be closed.
- Monday to Friday, **9am to 5pm**, **both lanes** southbound will be closed and a detour will be in place along Clement Street, Drummond Street and Craven Street. Access will be granted for property owners.

The area impacted is shown by the red line in the map below.

Throughout construction residents in the area may also notice and increase in noise and dust.

We will work closely with impacted residents to reduce this as much as possible.
