**Officer:** Director of Planning and Development Services

### Additional Information

The City has been made aware of an inconsistency of wording in **Attachment 2** (Submission Summary) to this report, under the column for "Summary of Submission". The inconsistency relates to the first summary point of Submission No. 6 from the owner of No. 15 Hamilton Street, Bayswater not being preceded with the word "concern". The property owner who made the submission believes that this summary point is a misrepresentation of the objection.

The subject summary point in **Attachment 2** (Submission Summary) will be amended to read as follows:

*"Concern that the proposed business is a front for erotic massage or a brothel;  
...."*

### Recommendation Implications

The above information does not affect the officer's recommendation.
