

City of Bayswater - North Ward - Councillor

REALE-CORNEL, Ben

Ben Reale-Cornel is a first-generation Australian, born and raised in Morley to migrant parents. His strong work ethic stems from the example his family exhibited.

He has a double degree in Education and Drama and was Head Boy of Hampton SHS in 2006. He's previously served as **Chairman of the School Council and Vice-President of the P&C Committee**.

With five years working within the highest levels of Government, he understands the meaning of hard work and will **'get the job done'**.

Ben believes the community comes first and he will fight to make the community safer for our families, fight against excessive rate increases, and fight to **make sure ratepayers money is spent wisely**. He will also fight for a **dedicated, enclosed dog park** for the community.

By standing together, we can continue to build a stronger and more cohesive community.
