Note 12	Other Information	28
Note 13	Elected Members Remuneration	29
Note 14	Major Land Transactions	30
Note 15	Trading Undertakings and Major Trading Undertakings	30
Note 16	Investment in Associates	31
Note 17	Trust Funds	32
Note 18	Fees and Charges	33
Note 19	Discontinued Operations	34
Note 20	Service Charges - Underground Power	35

#### 1(a) BASIS OF PREPARATION

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The Local Government Act 1995 and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

#### The local government reporting entity

All funds through which the City of Bayswater controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 17 to the annual budget.

#### 2022/23 actual balances

Balances shown in this budget as 2022/23 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

#### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

#### Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2021-2 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards

It is not expected these standards will have an impact on the annual budget.

#### New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- · AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-current
- AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
- Non-current Liabilities with Covenants
- AASB 2022-10 Amendments to Australian Accounting Standards
- Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

It is not expected these standards will have an impact on the annual budget.

#### Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- · impairment of financial assets
- · estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

#### Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

#### 1(b) KEY TERMS AND DEFINITIONS - NATURE OR TYPE

#### **REVENUES**

#### **RATES**

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

#### **OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

#### **CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### **REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### **FEES AND CHARGES**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

#### **SERVICE CHARGES**

Service charges imposed under *Division 6 of Part 6 of the Local* Government Act 1995. Regulation 54 of the Local Government (*Financial Management*) *Regulations 1996* identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water.

Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### **INTEREST EARNINGS**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### OTHER REVENUE / INCOME

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

#### **PROFIT ON ASSET DISPOSAL**

Gain on the disposal of assets including gains on the disposal of long-term investments.

#### **EXPENSES**

#### **EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note AASB 119 Employee Benefits provides a definition of employee benefits which should be considered.

#### **MATERIALS AND CONTRACTS**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

#### **UTILITIES (GAS, ELECTRICITY, WATER)**

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

#### **INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

#### **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

#### **FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

#### 2 RATES AND SERVICE CHARGES

	Total general rates and mini	mum payments		33,100	774,890,433	57,018,401	225,000	0	57,243,401	54,272,528	54,390,610
						57,018,401	225,000	0	57,243,401	54,272,528	54,390,610
	Total rates					57,018,401	225,000	0	57,243,401	54,272,528	54,390,610

The City did not raise specified area rates for the year ended 30th June 2024.

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2023/24 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

#### 2 RATES AND SERVICE CHARGES (CONTINUED)

#### (b) Interest Charges and Instalments - Rates and Service Charges

Rates Smoothing***		0	5.50%	7.00%

<sup>\*\*\*</sup> Payments made by direct debit on Friday either weekly, fortnightly or four-wekly.

All land (other than exempt land) in the City of Bayswater is rated according to its Gross Rental Value (GRV) in town sites or Unimproved Value (UV) in the remainder of the City of Bayswater.

The general rate detailed for the 2023/24 financial year has been determined by Council on the basis of raising the revenue required to meet the deficiency. The budget deficiency is the difference between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates: also considering the extent of any increase in rating over the level adopted in the previous year. Council has determined the minimum rate on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

Instalment plan admin charge revenue
Instalment plan interest earned
Unpaid rates and service charge interest earned

2023/24 Budget revenue	2022/23 Actual revenue	2022/23 Budget revenue

167,000	184,892	170,000
487,000	504,646	505,000

<sup>\*</sup>Basis of Valuation = Gross Rental Value (GRV)

#### 2 RATES AND SERVICE CHARGES (CONTINUED)

#### (c) Service Charges

The City did not riase service charges for the year ended 30 June 2023 but will be raising for the year ended 30 June 2024 due to the Underground Power Project (Note 20)

#### (d) Waivers or concessions

The City does not anticipate any waivers or concessions for the year ended 30th June 2024.

3. NET CURRENT ASSETS  (a) Composition of estimated net current assets	Note	2023/24 Budget 30 June 2024	2022/23 Actual 30 June 2023	2022/23 Budget 30 June 2023

#### 3(d) NET CURRENT ASSETS (CONTINUED)

## MATERIAL ACCOUNTING POLICIES CURRENT AND NON-CURRENT CLASSIFICATION

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

#### **INVENTORIES**

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The City contributes to a number of superannuation funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the City's intentions to release for sale.

#### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### CONTRACT LIABILITIES

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### **PROVISIONS**

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **EMPLOYEE BENEFITS**

#### Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

#### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### 4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	Note	2023/24 Budget	2022/23 Actual	2022/23 Budget
		\$	\$	\$
Cash at bank and on hand		15,711,176	17,086,500	2,157,779

Capital grants, subsidies and contributions		(9,635,418)	(6,058,151)	(11,827,498)
Net cash from operating activities		6,092,712	12,599,226	8,456,029

#### MATERIAL ACCOUNTING POLICES

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

#### FINANCIAL ASSETS AT AMORTISED COST

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### 5. FIXED ASSETS

The following assets are budgeted to be acquired and/or disposed of during the year.

	2023/24 Budget Additions		2023/24 Budget Disposals - Sale Proceeds	2023/24 Budget Disposals - Profit or Loss	2022/23 Actual Additions	2022/23 Disposals - Net Book Value	2022/23 Actual Disposals - Sale Proceeds	2022/23 Actual Disposals - Profit or Loss	2022/23 Budget Additions		2022/23 Budget Disposals - Sale Proceeds	2022/23 Budget Disposals - Profit or Loss

#### MATERIAL ACCOUNTING POLICIES

#### RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

#### 6. DEPRECIATION

#### **By Class**

Buildings - non-specialised
Furniture and equipment
Plant and equipment
Infrastructure - roads
Footpaths
Drainage
Park Development
Other infrastructure
Right of use - furniture and fittings
Intangible assets - computer software

#### **By Program**

Law, order, public safety
Health
Education and welfare
Housing
Community amenities
Recreation and culture
Transport
Economic services
Other property and services

···	// V   P   D   V	VL.L.	M IRI I IRIC2	<b>POLICIES</b>
		AUUU		FULICIL

#### **DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

#### Roads and Footpaths

Total amount of credit unused  Loan facilities  Loan facilities in use at balance date	40,000	40,000	40,000

#### **MATERIAL ACCOUNTING POLICIES**

#### **BORROWING COSTS**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

## MATERIAL ACCOUNTING POLICIES LEASES

At the inception of a contract, the City assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

Tremere componidation (Cool Vo	Chigoling	excess of premium deposits.
	1	exocos of profitium deposits.

#### **10 REVENUE RECOGNITION**

#### **MATERIAL ACCOUNTING POLICIES**

Recognition of revenue from contracts with customers is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/ Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of Revenue recognition
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision		No refunds	On payment and issue of the licence, registration or approval
Waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	Adopted by council annually	Based on timing of entry to facility	Not applicable	On entry to facility
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works
Sale of stock	Aviation fuel, kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Adopted by council annually, set by mutual agreement	Applied fully based on timing of provision	Returns limited to repayment of transaction price	Output method based on goods

#### 14. MAJOR LAND TRANSACTIONS

The City will be entering into a Major Land Transaction under s3.59 of the Local Government Act 1995, for the purposes of transferring Carramar Village, a co-located residential care facility and retirement village in Morley and the Noranda Retreat independent living village in Noranda, both of which are owned by the City in freehold, to Juniper (Uniting Church Homes). Juniper is not-for-profit organisation that operates the facilities on behalf of the City.

The City also proposes to transfer the City of Bayswater Hostel in Embleton, and the Salisbury Retreat independent living village in Bedford, to Juniper. Both facilities were developed by the City on land that is currently leased from the Department of Communities. The transfer will be effected by sub-leasing agreements, subject to deeds of consent being issued by the Department.

The process requirements include a Business Plan for the Major Land Transaction. As the public consultation period must run for a minimum of six weeks, the transfer of assets and associated business is likely to occur in July 2024. Juniper will assume the bond liabilities and provide a cash component, the combined value of which will be roughly equivalent to the grossed up market value of the business as a going concern.

#### 15. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

The City may enter into Trading Indertakings and Major Trading Undertakings subject to investigation and council consideration.

#### **16. INVESTMENT IN ASSOCIATES**

#### Investment in associate

The City has an 20.27% share (as at 30 June 2022) in the Eastern Metropolitan Regional Council (EMRC). The EMRC comprises of five member councils and is primarily concerned with refuse removal and provision of safety services.

EMRC's principal place of business is 226 Great Eastern Highway, Belmont WA, 6104.

The value of this investment is based on the City's share of Net Assets as disclosed in the Financial Statements of the EMRC.

#### MATERIAL ACCOUNTING POLICIES

#### Investments in associates

An associate is an entity over which the City has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss. recognised.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the City's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

#### Investments in associates (continued)

Profits and losses resulting from transactions between the City and the associate are eliminated to the extent of the City's interest in the associate. When the City's share of losses in an associate equals or exceeds its interest in the associate, the City discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the City will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

#### 17. TRUST FUNDS

Funds held at balance date which are required by legislation to be credited to the trust fund and which are not included in the financial statements are as follows:

Detail	Balance 1 July 2023	Estimated amounts received	Estimated amounts paid	Estimated balance 30 June 2024

#### 19 DISCONTINUED OPERATIONS

At the Council meeting on 2 August 2016, Council resolved to divest from Aged Persons Homes.

Mertome Retirement Village was the first portion of the Aged Person Homes segment to be sold.

The site currently contains 102 independent living units and a 70-bed residential aged care facility. Despite Mertome Village undergoing several refurbishments throughout the years, it has now reached the end of its operating life.

On 1 April 2019, Hall & Prior (Fresh Fields Management (Mertome Village) Pty Ltd) entered into a long-term lease with the City and acquired the business and assets associated with Mertome Village. Hall & Prior operates Mertome Village and the Hostel. In relation to the Mertome Retirement Village, most of the assets and all of the liabilities have been disposed of in these transactions.

Management expects to sell the remaining assets in the coming years.

	2023/24	2022/23	2022/23
	Budget	Est. Actual	Budget
	\$	\$	\$
Income Statement			
Operating income	2,005,551	10,687,684	10,640,906

	858,904	1,516,061	1,506,368
Cook flows managed by the Area Donney House disposal many are as fallows.			
Cash flows generated by the Aged Person Homes disposal group are as follows:			
Cash Flows			
Net cash inflows from operating activities	858,904	1,516,061	1,506,368
Net cash inflow/(outflows) from discontinued operations	858,904	1,516,061	1,506,368

The above information also includes those assets managed by Juniper and subject to a Major Land Transaction (divestment) as detailed in note 14.

#### SIGNIFICANT ACCOUNTING POLICIES

A discontinued operation is a component of the City of Bayswater that has been either disposed of, or is held for sale and:

- (a) represents a separate major line of business or geographical area of operations; and
- (b) is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations.

#### 20. SERVICE CHARGES - UNDERGROUND POWER

The City intends to levy service charges in accordance with Section 6.38(1) of the Local Government Act (1995) in relation to underground power (UGP) in the Maylands Central UGP Project area. The City of Bayswater was awarded a project for the Maylands Central UGP Project area in the State Underground Power Project funding round 6.

The Maylands Central UGP project area is shown below and comprising largely multi-dwellings/strata properties.

The project has an anticipated delivery duration of approximately 65 weeks and is expected to commence in June 2023.

This project is heavily subsidised by Western Power who have indicated that they will absorb all increases in project cost since 2016 due to the commencement date for the project being pushed out to June 2023. Financially this is an excellent deal for the City considering the 2016 project estimate was \$10.2 versus the current estimate of \$18.3M (plus or minus 10%).

The proposed contributions to the project to Western Power are City of Bayswater contributing \$6.1M (33.5%) and the State contributing \$12.2M (66.5%). Service charges will also include an allocation for loan interest costs to service cash flow management requirements and an allocation for project management related costs. All up, the contribution to be sourced from City ratepayers is \$6,951,450.

The City's contribution is to be levied via a flat fee Underground Power (UGP) Service Charge applicable to all properties in the project area (excluding state or local government properties). The purpose of the UGP service charges raised is to support the City's contribution to the project which is co-funded by the state government and the City.

Charges will be levied under a two two-tiered service charge comprising the following elements:

- Service connection charge.
- Network services charge.

The service connection charge will only apply to properties in the project area which do not already have a pillar to pole (P2P) connection (underground connection between the house and the green dome or street pole).

#### Flat Fee Model

Fee Category	Service Connection	Network Charge	Total UGP Charge
Flat Fee - Existing P2P Connection	-	1,740	1,740
Flat Fee - No Existing P2P Connection	750	1,740	2,490

The City will offer payment options for UGP Service Charges including:

- Payment up front in full
- Payment over one year by instalment (by allowable payment plans)
- Payment over three years by instalment (by allowable payment plans)

The initial UGP Service Charges will be levied in April 2024 - with all ratepayers required to determine an instalment plan by 30 June 2024.

To support the efficient administration of the deferred payment options (instalment plans), the City will apply:

- an instalment interest rate of 5.5% (consistent with Rates instalment option)
- an overdue payment interest rate of 7% (consistent with Rates instalment option)

Concessions are available to eligible pensioners and seniors in relation to UGP service charges in accordance with the Rates & Charges (Rebate and Deferments) Act 1992.
