

June, 2021

Dear resident,

### What is happening?

To ensure the ongoing reliability of the water supply network, Water Corporation is required to replace a broken valve at the intersection of Grand Promenade and Walter Road in Bedford, as shown in map below.

### When is this happening?

To reduce impact to the road network work will be undertaken across one week, with both day and night works taking place from **5 July to 9 July 2021**:

**Day works:** 9am to 5pm, Monday to Friday.

**Night works:** 7pm to 7am Wednesday to Friday.

Some weekend work required if the repair cannot be completed on the above dates which will occur **10 and 11 July, 2021**.

### **How will this impact me?**

To ensure the safety of staff and road users, traffic management will be in place throughout the work including lane closures and detours. Access to all properties will be maintained.

Throughout construction residents in the area may also notice and increase in noise and dust. During night works, we will work to reduce the noise impact as much as possible.

### **Additional information**

If you like further information on the work please contact Jess Moloney-Christie on [Jess.Moloney-Christie@watercorporation.com.au](mailto:Jess.Moloney-Christie@watercorporation.com.au).

For on site enquiries please David Kelly 9495 8829.

For after hours enquiries please contact our 24hr faults and emergencies line on 13 13 75.

***We would like to thank the community and road users for their patience and understanding while we complete this essential work.***
