## INTRODUCTION

### Introduction

#### Register of Delegation of Authority

Section 5.42 of the Local Government Act 1995 (the Act) allows for a local government to delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the Act (other than those under s5.43). The local government may also delegate the exercise of any of its powers to Committees pursuant to section 5.16, other than those under Section 5.17(1).

All delegations made by the Council must be by absolute majority decision.

The Act allows for the Chief Executive Officer to delegate any of their powers to another employee, this must be done in writing. The Act allows for the Chief Executive Officer to place conditions on any delegations if required.

A register of delegations, being this document, relevant to the Chief Executive Officer and other employees is to be kept and reviewed at least once every financial year.

If a person is exercising a power or duty that they have been delegated, the Act requires them to keep necessary records to the exercise of the power or discharge of the duty. The written record is to contain:

- how the person exercised the power or discharged the duty;
- when the person exercised the power or discharged the duty; and
- the persons or classes of persons, other than council or committee members or employees of the local government, directly affected by the exercise of the power or the discharge of the duty.

In addition to delegations made in accordance with the Local Government Act 1995, a number of delegations are also made to the Chief Executive Officer, or directly to other officers in some instances, in accordance with the provisions of other legislation.

The aim of the delegated authority register is to assist with improving the time taken to make decisions within the constraints established by the relevant legislation. This is consistent with the City's commitment to a strong customer service focus.

Each instrument of delegation describes the function being delegated and the relevant statutory reference which is the source of power for the exercise of the function. Also included is a reference to related documents such as policies of the Council which may provide guidance in the exercise of the delegation.

This delegated authority register will be reviewed in accordance with the Act on an annual basis.

## Standard Conditions of all delegations

All delegations contained in this instrument are subject to the following standard conditions:

- All delegated authority shall be exercised -
  - In line with all laws and regulations in force in Western Australia.
  - In accordance with any budget authority where applicable.
  - In accordance with the City of Bayswater's relevant policies and local laws.
- Delegated authority cannot be exercised where a financial interest or interest affecting impartiality is disclosed.

In addition to covering delegations, the Local Government Act 1995 provides for 'acting through'. Section 5.45 of the Act states that in relation to delegations, nothing prevents a 'local government from performing any of its functions by acting through a person other than the CEO' or 'a CEO from performing any of his or her functions by acting through another person'.

The Act does not specifically define the meaning of the term 'acting through'. However, the key difference between a delegation and 'acting through' is that a delegate exercises the delegated decision making function in his or her own right. Where a person has no discretion in carrying out a function, then that function may be undertaken by another through the 'acting through' concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.

For administrative purposes, a person may sign a letter on behalf of the CEO while, with delegated powers, the person would sign a letter in his or her own name, in accordance with the delegated authority. It is critical in understanding the types of functions that are appropriate for 'acting through' another person in preference to delegation. This can be demonstrated through the following example. In this case, the council gives the CEO the power to call tenders subject to certain cost parameters.

If that power is delegated, the CEO could call tenders if the CEO believed the cost parameters had been satisfied (even if the council's opinion was different to the CEO's opinion). However, under an 'acting through' arrangement, the CEO could only call tenders if the council was satisfied about the cost parameters.

## Background

This document is the new instrument of delegation, for the statutory powers and duties of Council formally delegated to the CEO and replaces the instrument reviewed by Council on 6 December 2022.

## DELEGATIONS

<b>Delegation</b>	<b>BA-D01 Building Act 2011 Authorised Persons</b>
