

Candidate Details

Ballot paper name **HOCKING, Sean**

Candidate name **Sean Daniel HOCKING**

District **City of Bayswater**

Nominating for **Councillor for West Ward**

Election type **Ordinary**

Enrolment status **HOCKING, Sean is eligible to stand for election as a resident of the City of Bayswater.**

You deserve a councillor who listens, stands up and positively tackles the issues that matter most to you, your family and your community.

As an independent candidate my sole focus is on making Bayswater, Bedford and Meltham even better places to live, work and play – not on political ambition.

I will fight for local businesses and advocate for investment in your town centre that honours the character of your area.

As a member of various local clubs, I know our community groups bring life to our neighbourhood and deserve support and facilities that are well maintained, inclusive and accessible.

Our parks, reserves and public open spaces are valuable to all residents and should be there for future generations to enjoy.

If you put your trust in me, I will work hard and use my experience in budgeting and financial management to ensure your hard-earned rate payer dollars deliver best value.

Please contact me if you would like to discuss your ideas or raise any issues you feel need addressing.
