# Age Friendly Ambassador Program

Are you an older adult looking to get more involved in your community?

The City of Bayswater Age Friendly Ambassadors are here to help.

## How can we help you?

If you're over 50 and live in the City of Bayswater we can:

- Inform you about local events and activities
- Put you in touch with community services and resources to help make your life easier
- Empower you to become better informed and involved in your community
- Help you share ideas and feedback with the City on issues that you are concerned about.

We are a volunteer group of passionate locals working to help make Bayswater a better place to live for older adults.

We're here to connect people with practical information and services and give older residents a voice on community issues.
