Service Directory for Older Adults

An age-friendly initiative by the City of Bayswater

Acknowledgement

The City of Bayswater acknowledges the traditional custodians of the City of Bayswater land, the Whadjuk people of the Nyoongar Nation and pays respects to their elders past, present and future.

DISCLAIMER

The information in this Age Friendly Service Directory was correct at the time of printing.

The City of Bayswater has no control over some of the services listed, apart from its own programs, and cannot accept responsibility for accuracy, completeness or timeliness of the information's suitability, or safety of services.

It is not the intention of this Age Friendly Service Directory to include all services and facilities that are available, but rather a range of information that is considered relevant for older adults living in the City of Bayswater.

The information on the City's website and this Age Friendly Service Directory will be updated bi-annually and made available both electronically and in hard copy.

Please notify the City of any identified changes to the services listed by emailing community.services@bayswater.wa.gov.au.

Mayor's Message

As part of our Age Friendly Strategy, the City of Bayswater is committed to supporting older adults within our community to live an active and engaged life.

To get the most out of life we would all like to live a healthy and positive lifestyle. It is well recognised that it is not just our physical health, but also our mental health and wellbeing that plays a vital role in building a purposeful life.

We know that people do much better when they are active, contributing and have opportunities to participate, learn and develop. Community interaction and social participation can enhance quality of life as we grow older.

This easy to navigate Age Friendly Service Directory provides information about government, not for profit organisations, City events, services and broader health and community support programs relevant to older adults in the City of Bayswater.

I hope the Age Friendly Service Directory encourages you to get connected, to stay connected, or to try something new in your community and access the support and services needed to age well, to live your best life!

Mayor Dan Bull

Need help reading our website or need information translated?

Text can be resized by adjusting the settings in your web browser.

The City's website has BrowseAloud digital software installed (also known as a screen reader), to make content more accessible with reading and translation support.

Follow these simple steps to use BrowseAloud:

- Click on the orange BrowseAloud icon that appears on the bottom right of your computer screen to launch the support toolbar.
- Click on any text to hear it read out loud. All the features are accessed from a floating toolbar - allowing you to drag and drop it anywhere on screen.

The City's website also has information relating to Translating and Interpreting Services.

Disability, Access and Inclusion

If you would like to provide feedback, have suggestions on how the City can create more accessible and inclusive communities, or you have encountered a barrier to access and inclusion, contact the City's Community Development team:

Phone: 9272 0622

or complete a Creating Accessible and Inclusive Communities feedback card.
