

Recycling Guide

Yellow top bin

Please place these items in your recycling bin:

Glass bottles & jars

Rinse and remove lid

Milk & juice cartons

No foil lining

Cardboard boxes

Flattened

Newspaper, paper & magazines

Plastic bottles & containers

Rinse and remove lid

Steel & aluminium cans

DO THE RIGHT THING:

- Place items loosely in the bin, not in plastic bags or bin bags.
- Please rinse jars, bottles and containers before placing them in your recycling bin. This helps to prevent contamination and improves the quality of the recyclable. You can even rinse your recyclables in leftover dishwashing water to reduce water waste.

Do not place these items in your recycling bin:

No polystyrene, meat trays, cups & beads

No green waste or food waste

No gas bottles, flares, batteries or aerosols

No nappies

No textiles or clothing

No plastic bags or soft plastics

Including bagged recyclable items and food packaging

STOP BIN CONTAMINATION:

- No electronics or white goods
- No hazardous materials including medical waste
- No building materials including materials with asbestos
- No shredded paper
- No lids
