

Additional Information

I've devoted myself to our local communities for more than 11 years now, as a community volunteer, former President of the Maylands Ratepayers and Residents Association, two-term South Ward Councillor, Deputy Mayor of the City of Bayswater, and on various occasions, Acting Mayor.

On Council, I've worked day and night to push for improvements in many areas; and used the power that you gave me to influence change. I have been a strong advocate for residents, unafraid to publicly raise issues, call out wrongdoings, and push the State Government to prioritise our suburbs. I am proud of my list of additional achievements this term, as well as my work with many other committed community members, groups and clubs to make Bayswater a better place. A lot has been done quietly behind the scenes to achieve the best outcomes.

I hope I've demonstrated a high level of communication with our community. If you've followed my social media, you'll know what has been happening in our City (the good and the bad). I have aimed to be approachable, responsive and transparent.

There is still so much more that needs to be done. The challenges for our City are only increasing due to rising costs, expectations and development. As an independent decision maker, I want to continue to help Council make the right decisions, consider long-term implications and put the needs of the community first.

I hope to get your support again,

Elli
