Gain the support you or your loved ones need to continue to live independently at home or access full time care options at our free information sessions.

We'll teach you about accessing My Aged Care, the assessment process, financial assistance and choosing the right providers with the help of Umbrella Multicultural Community Care Services.

Bookings are essential. Please email community.services@bayswater.wa.gov.au or call 9270 4107 to book before Friday 25 October.

These sessions are being run under the Aged Care System Navigator Trial.
