Volunteering with the City of Bayswater

City of Bayswater volunteers are a vital link in building the strength and capacity of our community through sharing of their time and skills. Volunteers assist in delivering effective services to the City of Bayswater Community through various programs, across different City service areas.

Volunteers are essential in creating the kind of community we want to live in, where people are engaged and there is a strong sense of community spirit.

Why Volunteer?

People who volunteer commonly experience positive impacts, including:

- a sense of achievement and purpose;
- an improvement in self-esteem and confidence;
- gaining new skills and experience; and
- feeling more connected to people and the wider community.

What does the City of Bayswater offer its volunteers?

The City runs a professional Volunteer Management Program and is committed to supporting volunteers through:

- Induction and orientation;
- Providing a safe workplace with appropriate insurance;
- Training and development opportunities; and
- Reimbursement of expenses incurred.

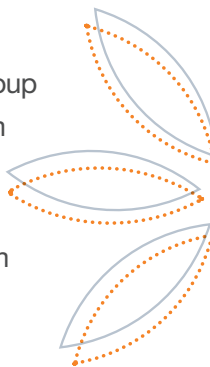

The City's registered volunteers are also formally recognised at an annual end of year event to celebrate their contribution and participation in the City's Volunteer Program.

Volunteers are presented with a special City of Bayswater 'Years of Service' award at five-yearly intervals.
