

# Changes to Tip Passes FAQs

61 Broun Avenue, Morley WA 6062 | P: 9272 0622 | F: 9272 0665 | [mail@bayswater.wa.gov.au](mailto:mail@bayswater.wa.gov.au) | [www.bayswater.wa.gov.au](http://www.bayswater.wa.gov.au)

## What is changing?

As of 1 July 2025, the City will no longer offer tip passes to residential properties. Instead, residents in the City will be able to access the Baywaste Transfer Station & Recycling Centre (Baywaste) to drop off items previously covered with a tip pass for free and with no pass required.

Residents will no longer need to be available during Civic Centre and library opening hours to collect a tip pass to then drop off waste without charge at Baywaste.

## How will it work?

- Residents arrive at Baywaste during opening hours with a carload or trailer load of residential waste. Waste must be separated into material types to increase recovery.
- Resident shows proof of residency in the City of Bayswater. All visitors must provide ID. Photo ID including an address, such as a driver's licence, will be accepted.
- Resident drops off waste in designated areas for each waste type.

If residents would like to check about items they can drop off, they can phone Baywaste at 9271 2964 or the Waste team via 9272 0622.

Only residential quantities will be accepted. Suspected commercial loads will be subject to the Baywaste Fees and Charges.

## Why are tip passes no longer provided?

This change allows the City to better provide safe and accessible waste services to its residents.

By no longer providing tip passes, residents:

- Do not need to visit the Civic Centre or any library to gain free access to the site. This allows residents who work during standard opening hours to not be disadvantaged in responsible waste disposal.
- Are encouraged to responsibly dispose of their waste.
- Who rent properties are not disadvantaged by inability to collect tip passes due to owner directives.

## What about bulk bins?

Residents will still be eligible for bulk bins and the system will function much the same as currently. From 1 July 2025, each residential property will be eligible to book up to **three bulk bins** within each financial year and access Baywaste for additional waste disposal and recycling.

Bulk bins will expire on 30 June of each year. Bulk bins should continue to be booked online via the [Cleanaway bulk bin portal](#) or by phoning Cleanaway on 9449 3338.

## Will tip passes previously issued still be usable?

No. As there is no future use for tip passes at the site, they will not be able to be used. This will also stop residents from outside the City of Bayswater from utilising the site with old tip passes.

## What can residents drop off for free?

Residents can drop off residential quantities of the following waste types:

- General bulk waste\*
- Green waste\*
- Mattresses and mattress bases\*\*
- Aerosols
- Bicycles
- Cardboard
- Polystyrene (expanded only)
- Vehicle lead acid batteries
- Scrap metal
- Electrical waste (maximum of 10 items per visit)

\*Up to 300kg per visit. Above 300kg will be charged at commercial rates.

\*\* Fees will apply for additional mattresses.

## Are there any waste types that charges apply for?

Yes, construction and demolition waste (at the discretion of Baywaste staff) will incur a charge at any point of disposal. Fees and charges will be available to view on the City's website.

General bulk waste and green waste will be limited to 300kg per load (residential quantity). Any additional general bulk waste or green waste above 300kg delivered to the site may be subject to the site's commercial rates.

There are several waste types that are not accepted at Baywaste under any circumstance due to the site's licence:

- Household batteries
- Household Hazardous Waste (i.e., gas bottles, flares, paint, chemicals, etc.).
- Tyres
- Asbestos
- Needles, sharps and medication
- Liquid waste

Public weighs will also still incur a charge.

## What about commercial businesses based in the City?

Commercial businesses in the City will still be able to dispose of waste and recycling at Baywaste.

They will be subject to fees and charges for the following items:

- General bulk waste
- Green waste
- Mattresses
- Electronic waste (except items included in the National Television and Computer Recycling Scheme) – 10 items maximum.

Due to changing operations and impacts to pricing onsite, aerosol cans and polystyrene are no longer able to be dropped off by commercial businesses.

## **Can an owner of a rented property access Baywaste like a resident?**

An owner of a City of Bayswater property may access the site with official proof of ownership (rates notice) and photo ID linking to the name on the rates notice. Only residential quantities will be accepted.

## **Where can residents find more information?**

The changes and updated information will be available on the City's website from 1 July 2025 via <https://bayswater.wa.gov.au/waste>.

## **Where is Baywaste and what are the opening hours?**

Baywaste is located at 271 Collier Road, Bayswater (corner Tonkin Hwy and Collier Rd).

Baywaste is open 7 days a week:

- Monday to Friday, 7:30am – 4:00pm
- Saturday and Sunday, 10:00am – 4:00pm

The site is closed Christmas Day, Boxing Day, New Year's Day and Good Friday.
