

**Member connections - City Deputation**

On Monday 20<sup>th</sup> June, the City delegation met with the Hon Catherine King, Member for Ballarat, Minister for Infrastructure, Transport and Regional Development and Local Government. The meeting took place via Zoom as she had contracted COVID the day before.

The Deputation was seeking funding for work associated with the first stage of the Maylands Brickworks Rejuvenation, focusing on the urgent restoration work needed. We felt that we had a good hearing, particularly when the Minister advised she was aware of the proposal from correspondence sent to her office.

We undertook to keep her informed of any new developments in relation to the Maylands Brickworks in the meantime.
