

Additional Information

TYLER WOOD

West Ward - City of Bayswater
Positive-Passionate-Progressive

Tyler James Wood for Bayswater Council

Independent, community-focused, and ready to serve with energy, compassion and action.

Why I'm Running

I'm standing for Council to support those in need, strengthen our local economy, and to ensure Bayswater, Meltham and Bedford are affordable, vibrant and sustainable.

I will bring a practical, people-first approach to Council and will continue to work hard to deliver real outcomes for our community.

Taking Action

While others might promise what they may do-I've already been taking positive action for our local community.

Hosted the FuBa 6053 Food Pantry to support locals in need

Actively served on the Bayswater Twilight Market Committee, Future Bayswater and Bayswater Traders Association Board to activate the Town Centre and back local businesses

Extensive support for various charities

Secured grants for community initiatives

Currently supporting the delivery of a Youth Homelessness Centre and a new medical centre

What I Stand For

Activation: Creating events, activities and shared working spaces that connect us

Affordability: Making our local places and services accessible for residents and businesses

Accommodation: Supporting housing solutions to provide housing for all in our community

Environment: Advocating for tree retention, solar, batteries and sustainable building materials

Animal Welfare: Promoting care and protection for all creatures

Community Spirit: Supporting clubs and community groups to flourish

Community First

I'm an independent candidate with no political affiliations or ambitions-my focus is entirely on our community, not a political career. I'm here to represent people, not parties.

If you honour me with your vote, I'll work hard to represent you with integrity, energy and a genuine commitment to making Bayswater, Meltham and Bedford better for everyone.

Tyler James Wood
