The City of Bayswater encourages responsible pet ownership. Please find some relevant information for dog owners below. If you have any queries about your responsibilities as a dog owner you are able to contact the City of Bayswater Rangers and Security on telephone 9272 0972 during office hours or 1300 360 333 after hours.

Do I have to have my dog on a lead when the dog is under control?

Yes, all dogs must be held by a lead when they are in a public place.

Are there any Dog Exercise Areas in the City?

The City of Bayswater has a large number of dog-friendly areas, where your dog can enjoy a run around without the restrictions of being held on a lead.

A full list of dog exercise areas is available at our website at www.bayswater.wa.gov.au

When you have your dog in an exercise area you are required to have a lead in your hand, be in reasonable proximity to your dog, and be capable of attaching the lead to your dog.

At all times you are required to maintain control over your dog. This means that your dog should not be permitted to move towards other people using a reserve. Please be aware that some people may feel threatened if a dog starts moving towards them. Please call your dog to return to you.

Restricted Breeds

Some breeds such as Pit Bull Terriers have been restricted in Western Australia. Other dogs may have been declared dangerous by a Local Government.

Laws require these dogs to be on a lead and muzzled, even in a dog exercise area, and be wearing a red and yellow reflective collar.

If you see a dog with a reflective red and yellow collar and it is not muzzled or held by a lead, please call the City of Bayswater Rangers immediately on 1300 360 333.

How many dogs can I have

You must have approval from the City to keep more than two dogs on your property. Please contact Ranger Services on 9272 0972 for further information.

What do I do if I loose my dog?

If your dog is ever missing it may have been picked up by a ranger and taken to our animal impound facility.

To see if your dog is safe and sound in our pound please call Ranger Services on 1300 360 333 or visit the Rangers Office between 1pm and 1.30pm Monday to Friday by appointment.

All dogs impounded are photographed and the pictures are uploaded to our Website at www.bayswater.wa.gov.au

Dog Attacks

The City takes all reported dog attacks seriously. If you or your dog is involved in a dog attack seek appropriate Medical/Veterinary assistance and contact the City immediately on 1300 360 333.

Rangers will attend a dog attack that is in progress.

Any person that owns a dog that has attacked may face a fine of up to \$10,000.

A dog does not have to bite a person for it to be classed as a dog attack. An attack also includes chasing, damaging, or otherwise being aggressive.

Is the microchip in my dog the same as a registration tag?

Microchipping and registration tags are not the same. Microchipping is another form of identification for your dog and is a requirement when you register your cat or dog.

How can I stop my dog barking?

Dog nuisance is one of the highest areas of complaint the City receives about dogs.

If your dog barks for an extended period or for frequent shorter periods you may be contacted by a neighbour or a ranger.

If you receive a complaint about your dog causing a nuisance, set the scene as if you were to go out, then walk back to your premises and check the dog's behaviour.

Contact your local vet for information about solving nuisance barking or other behaviours.
