

# Rates Smoothing 2018-2019

## What is Rates Smoothing

Rates smoothing makes it easier to manage your rates bill. It works by 'spreading' or 'smoothing' your rates payments across smaller, more manageable payments.

Rates smoothing is paid by direct debit, from a cheque or savings account, on a weekly, fortnightly or four weekly basis.

Interest of 5.5% is incurred when paying by rates smoothing.

## Payments

Decide whether you wish to pay weekly, fortnightly or four weekly. Your 2018-2019 annual rate notice shows the calculated payments.

## Important Information

Payments are always drawn on a Friday.

The City has a range of other payment methods available, these are listed on the rate notice.

Rates Smoothing continues each year until you contact us in writing and advise you wish to cancel.

Accounts with arrears or dishonoured payments may receive a final notice at the end of the rates smoothing period.

## Key Dates

**The City of Bayswater's rates smoothing arrangement for this year, runs from 17 August 2018 to 29 March 2019.**

Payments are calculated from the annual due date until the end of March. See Payment Debit Dates table for payment periods.
