

City of Bayswater

STREET TREE REQUEST

I would like a free street tree for my verge

Name: _____

Address: _____

Suburb _____ Postcode: _____

Telephone: _____

Email: _____

The City will supply one tree for each front verge and two for a side verge. The species chosen is usually in line with other appropriate species in the street, however, if you have a preference for a particular tree on the City's planting list, please detail it below:

Preferred Species: _____

Once the City receives your request, the City's Consulting Arborist will inspect the verge and will contact you to discuss your request further.

Completed forms can be sent to mail@bayswater.wa.gov.au and need to be received by 31 December so that your tree can be ordered for inclusion in the winter planting season.

Thank you for your help in greening the City of Bayswater

I will help the City increase it's Urban Canopy by watering my new tree over the summer period.
